

## BISHOPS TO COME TO TALK MISSIONS

Council of Episcopal Church  
Will Cover Dioceses of  
Neighboring States.

The annual meeting of the missionary council of the third department of the Episcopal Church in the United States will start in the Trinity Episcopal Church, Third and C streets northwest, November 10. Sixteen bishops of the church, representing eleven dioceses with nearly 100 official delegates, will attend this convention, which will consider carefully the missionary problems of the church and the means for raising necessary funds.

The third department includes the dioceses within the States of Pennsylvania, Delaware, Maryland, Virginia, West Virginia, and the diocese of Washington. The council is purely an advisory body to the general board of missions concerning missionary matters within the department, but its recommendations always prevail. On the evening of November 10 a mass meeting will be held in Continental Hall, at which some of the ablest speakers in the church will make addresses.

The delegates from the diocese of Washington are the following:

The Rev. H. S. Smith, D. D.; the Rev. J. H. W. Blake, the Rev. G. C. F. Lathrop, D. D.; the Rev. E. F. Dudley, S. E. Kramer, A. S. Brown, W. H. Singleton, and J. H. Taylor.

From the diocese of Virginia will come the Rev. Frederick W. Neve, the Rev. Robert K. Massie, D. D., the Rev. H. B. Lee, the Rev. W. D. Smith, Roswell Page, H. C. Chamberlin, and John B. Minor.

From Maryland the delegates are the Rev. Arthur E. Kinsolving, the Rev. Joseph P. McComas, the Rev. Robert A. Mayo, John D. Howard, J. Wirt Randall, William A. Stewart, Jr., and J. Noble Stockert.

The following bishops are expected to attend the conference:

Diocese of Pennsylvania—Right Rev. O. W. Whitaker, D. D., LL. D.; Right Rev. Alexander Mackay-Smith, D. D.; Diocese of Pittsburgh—Right Rev. Carlant Whitehead, D. D.

Diocese of Bethlehem—Right Rev. Ethelbert Talbot, D. D., LL. D.

Diocese of Harrisburg—Right Rev. James H. Darlington, D. D.

Diocese of Delaware—Right Rev. Frederick J. Kinsman, D. D.

Diocese of Virginia—Right Rev. Robert A. Gibson, D. D.; Right Rev. Arthur E. Lloyd, D. D.

### BACK-DATING ILLEGAL.

## RIVALRY IS PROMISED IN CHAMBER ELECTION

President Gude, Arthur C. Moses and William T. Galliher May Be Named Candidates by Friends in January.

Although the annual election is more than two months off, there may be three candidates in the field for each of whom a warm fight will be put up in the selecting of a president for the Chamber of Commerce in January.

While no candidates have formally announced, it is pretty well established there will be three out for the office of president, two of whom will be William T. Gude, the present incumbent, and Arthur C. Moses, who was a candidate at the last election. The third prospective candidate is William T. Galliher, who, it is understood, is being urged by his friends to enter the race.

Friends Urging Candidacy. None of the prospective candidates, it is believed, will get into the fight of his own accord, but the friends of all three are already taking preliminary steps to urge them to consent to having their names placed in nomination.

With only Mr. Gude and Mr. Moses in the race, it had been expected the contest would prove much like the one last year, with the result in doubt to the last minute. Mr. Galliher's entering the fight, it is believed, will result in making the outcome more doubtful, as he probably would draw considerably upon the forces of the other two candidates.

It is understood Mr. Galliher's friends have been canvassing quietly and are convinced he will have an excellent show of being elected.

Campaigners At Work. Both Mr. Gude and Mr. Moses will be candidates, as it practically is certain that the Gude and Moses supporters will be out in even greater numbers and with more determination than was the case last winter.

Having served one year as president, in which the Chamber of Commerce has made remarkable progress, the backers of Mr. Gude will claim that he is deserving of a second administration.

On the other hand, the Moses sympathizers will insist that, in view of the close election last year and the active interest Mr. Moses has taken in the Chamber, a division of honors should be the policy followed by the members of the organization when they elect a president.

Before the election comes off it is expected a sharp fight will be waged over the adoption of certain amendments to the constitution governing the nomination of candidates. This will come in the nature of a preliminary skirmish at the next meeting of the Chamber, to be held early next month. After that, it is anticipated, politics will hold sway in the organization until the election is held in January.

## TAMMANY'S BEST BOSS IN NEW YORK

Think Croker May Oust Murphy If Organization Loses.

(Continued from First Page.)

to believe that he means it. As such action would give the fusionists absolute control of the city, should Gaynor win and the balance of the ticket pull through, every effort will be made to compel Gaynor to stick.

Congressman Herbert Parsons, head of the New York county committee, will issue his final estimate tonight. Last week he claimed Bannard's election by 22,000, but it is understood in his statement this evening he will raise the ante.

He will claim Bannard by between 50,000 and 55,000, the balance of the fusion ticket by nearly 100,000, and the election of the fusion ticket in every single borough. According to Parsons' way of figuring, Hearst will finish a bad third.

Forecasts Hearst Victory. William M. Ivins, personal manager for W. R. Hearst, will not give out his final figures until tomorrow night. He stated today that his early forecast indicates the election of Hearst by almost 100,000. "The tide is running stronger our way than it did four years ago, when Hearst was counted out by Tammany," he said, "and this time all votes will be counted. Hearst's election is already assured."

A sensation was caused today by the publication of a statement in the World, which is supporting Gaynor for election, quoting D. Clarence Giboney, the fusion candidate for district attorney in

Philadelphia, as declaring that the Republican leaders in that city and the Tammany leaders here have arranged an offensive and defensive alliance, whereby a second administration of the Republican ticket in the river wards in the Quaker City next Tuesday, and then be hurried to this city to vote the straight Tammany ticket. Giboney is declared to have said:

Agents Now In New York. "An agent of the Philadelphia gang is now in New York consulting with Tammany agents for the employment of fraudulent voters in the two cities on election day. The present arrangement is for the morning work to be done in Philadelphia, and the men then hurried over to New York for services there."

"It makes no difference that the bosses of one city operate under the guise of Democracy and the other pass as Republicans. They both seek the same ends. Both desire the patronage and the plunder of municipal control. Both are ready to operate in harmony for mutual protection and benefit."

None of the leaders here would indorse Giboney's statement today. Both Parsons, for the Republicans, and Gehring, for the Civic League, declare they know Tammany plans for us, but they insist they have already arranged to checkmate them.

The Tammany leaders characterize the story as "foolish." They point to the fact that when a voter registered at the regular time he was compelled to sign his name in a book kept for that purpose. He was given a certificate showing his number on the polling list, and when he goes to vote Tuesday he will have to sign this certificate in the presence of the board of elections, which must compare that signature before he can vote. This, Tammany leaders declare today, explodes the Giboney charges that wholesale frauds are planned.

COLUMBUS NO SAINT. ROME, Oct. 28.—Efforts of American Catholics to procure the beatification of Christopher Columbus are likely to fail. A member of the congregation which has been investigating the matter has learned of several incidents in the explorer's life which would prevent his beatification.

## CORPORATION TAX NOT IN BALANCE

Reorganization as Copartnerships Little Feared by Treasury Officials.

Treasury officials who had their attention called today to the talk of corporations avoiding the corporation tax by dissolving as corporations and reorganizing as co-partnerships said in plain terms they did not take talk of this kind seriously.

Dispatches from Chicago say such a course has been urged by the general counsel of the National Association of Agricultural Implement and Vehicle Manufacturers.

This is not the first talk of the kind, however. Treasury officials have heard of it from various sources for months.

Assistant Secretary Hillier is in charge of the collection of the corporation tax. He declined today to discuss the matter of reorganization of corporations as co-partnerships. But it is known that the Treasury view is that the advantages of corporate existence are so manifest that corporations are not in any considerable number going to dissolve.

## RUNAWAY EPIDEMIC KEEPS POLICE BUSY

Three Frightened Animals Captured on Streets—One Still Unclaimed.

Policemen were kept busy this morning stopping runaway horses, five reports being sent into headquarters by patrolmen who had stopped the frightened beasts.

Horses belonging to Thomas Gorman, Francis McConkey, of New Glatz, Md.; H. W. Smith, and John Brayshaw made their getaway from their proprietors, and did considerable damage to property.

No one was hurt.

The fifth horse reported as a runaway has not been claimed. He was running in Pennsylvania avenue near the White House when captured.

DON'T BE THIN

No Need of Being Scrawny, Weak and Emaciated.

Good healthy flesh can only be gained by the use of the proper food, with thorough assimilation of the fat giving elements. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food. Weigh yourself before commencing to use these little tablets, and see how your weight increases.

Samose has valuable flesh-forming and tissue building properties, and when it is assimilated with the food, it causes the flesh making elements to be retained and the weight is naturally increased.

O'Donnell, the popular druggist, has sold in the last few weeks, a great many packages of Samose, every one with a guarantee to refund the money if it did not give satisfaction, and has had but one person ask for the money back.
